 Custom cabinet board thickness: 15mm, 18mm

(3)

Water-proof Pest-Proof Moisture-Proof Fire-proof Formaldehyde-free
 Safety healthy Environmental friendly Superior Looking

(5)

4 reasons to choose quality film:

P Medical Grade
 As a high-end decorative film material, PETG was once widely used in medical devices (test tubes, reagent bottles, etc.), baby bottles, children's toys, displays, light covers, refrigerator containers, beverage bottles, food and cosmetic shrink packaging, etc.

E Originating from Europe
 PETG is now widely used in developed countries such as Europe, America, Japan and South Korea, providing a more eco-friendly choice for high-end consumers' furniture decoration.

T Food Grade Eco-friendly
 It does not contain any substances harmful to the human body. Even newborns can safely use it, making the baby's growth journey safer, healthier, and able to meet the US FDA standards for food contact.

G Biodegradable and Recyclable
 The chemical elements contained in PETG are the same as paper, carbon, hydrogen and oxygen, which can be fully degraded or recycled without burdening the earth.

(6)

Strength, Soluble Resistant, Corrosion Resistant, Easy to Process, Stain Resistant, Scratch Resistant.

(8)

Grooving Service Available
Methods for Solid Panels

(9)

Application scenarios

Hospitals, offices, Clinics, Lobbies, Multiplexes, Super Markets, Malls, Modern class rooms, Auditoriums, Libraries, Gaming Zones, Cinema Halls, Studios, Art Galleries, Exhibition centers, Clubs, Gyms, Beauty Parlors, Salons, Fitness Studios, Yoga Centers, Book Stores, Home Decoration, Rest rooms, washroom.

LACQUE SERIES

Food grade environmental protection,, using a unique electronic spraying process,the surface is treated with UV light source curing technology, which not only has the visual layering of the baking paint process, but also does not lose the silky feel of the mixed oil baking paint, achieving high-quality

The industrialization of customized paint products has been implemented. The surface has excellent qualities such as super anti-fouling, super anti-scratch, anti-fingerprint, anti-static, corrosion-resistant, yellowing resistance, etc. It only empowers the integrated floor-to-ceiling door and wall cabinets of the same color!
